## Education

### Bachelor of Technology

CV Raman Global University  
Bhubaneswar, Odisha

Nov 2022–June 2026

Computer science and engineering

Currently in 3<sup>rd</sup> year

Cgpa: 8.88

## Technical skills

**Programming Languages:** Python, C++, HTML/CSS, SQL, JAVA

**Web Development:** Frontend Development, API Integrations

**Core Skills:** Communication, Critical Thinking, Problem-Solving

## Hobbies

Football

Cooking

# RITESH SINGH

## Profile

Aspiring engineering professional eager to contribute skills and knowledge to dynamic teams. I possess a solid foundation in Data Structures and Algorithms (DSA), problem-solving, and frontend development. Dedicated to staying current with industry trends, I am skilled in Python, Web development, data science and AI. Constantly seeking opportunities to enhance my abilities and deliver impactful solutions

## Projects

### Portfolio Website Development

- Developed a responsive and visually appealing portfolio website to showcase projects, skills, and achievements. Implemented an intuitive UI, interactive elements, and optimized performance for seamless navigation across devices.

### Smart Inventory Demand Forecasting System

- Developed a predictive model for retail sales forecasting using Decision Tree and Random Forest regression. Visualized historical trends, feature importance, and future sales predictions using Matplotlib and Seaborn.
